

OAI14 – Open Science in a changing world

The 14th OAI Workshop will take place **online 10-14 November 2025**. This event is a premier global event on Open Science in the year in which it is held.

The theme of OAI14 is **Open Science in a changing world**. We currently have 688 registrations from 65 countries and territories.

Registration is open at <https://oai.events/oai14/>.

OAI14 - Global Open Science webinars

- To identify trends in Open Science
- To share Best Practice
- To build a global Open Science community
- A virtual event **10-14 November 2025**
- **5 sessions**
 - Research Security and Openness
 - Open Infrastructure
 - Navigating AI in Open Science
 - Commercialization and Open Science
 - Research Integrity
- **Register for free at**
<https://oai.events/oai14/>

In addition to the conference, this year we are compiling [Views from around the World](#) – pre-recorded talks which are available for viewing and download on the OAI14 site.

There are also [supporting satellite events worldwide](#). As well as joining us live, consider sharing the conference with your local community by organising or attending a satellite event.

So, do not fail to register for this virtual Conference at <https://oai.events/oai14/>. It is a week devoted to seeing the path that Open Science should take in a changing world.
